

CLEAR UP TERRORIST MAY DAY BOMB PLOTS

ACT AS AGENTS IN REAL ESTATE DEAL; INDICTED

**Frank Benson and Allen Smith of Dixon
Furnish Bonds**

Two well known Dixon land dealers, Frank Benson and Allen Smith, have been indicted by the Winnebago county grand jury, in connection with a land trading deal in which they acted as agents for George Cassens, of Sterling, the man who is making the complaint. Gust Peterson, of Rockford, is the other principal in the deal and he also has been indicted.

Mr. Benson and Mr. Smith were served with papers on Saturday evening and they responded to the summons, driving to Rockford in Benson's car, putting up \$2,000 bail each, and returning to Dixon the same night.

The indictment which has been returned by the Rockford investigating body charges the operation of a confidence game, and names Gust Peterson, of Rockford, and Messrs. Benson and Smith, of Dixon, as the operators. Attorney Clyde Smith, of Dixon, and Attorneys John Goebel and Wm. Hall, of Rockford, have been engaged to represent the defendants.

Farm Is Near Dixon.
The trouble originated over the transfer of a farm south of Dixon known as the old Philpott farm. It is reported that Cassens owned an equity in this property.
The prosecuting witness, George Cassens, has started a civil suit to recover damages which he claims to have sustained in the trade and has followed his civil suit with this criminal prosecution. The Dixon men had no connection with the matter other than as agents who brought the principle parties together.

LEFT CONFERENCE TO MARRY FORMER DIXON YOUNG MAN

Rev. F. D. Stone, former pastor of the Dixon Methodist church, now district superintendent of the Chicago western district, interrupted his work at the Rock River conference, in session in Chicago, yesterday long enough to unite in marriage William Byerhoff, formerly a student at Dixon College and at that time a member of the Dixon church, and Miss Mary Carney, of Steward. Mr. Byerhoff's home is now in Shabbona. The wedding was celebrated at the home of Rev. W. R. Wedderspoon, pastor of St. James church, Chicago, who is also well known here through his numerous sermons and addresses in this city.

The conference yesterday by unanimous vote transferred Dr. Lynn H. Hough, president of Northwestern University, to membership in the Rock River Conference from the West Ohio conference, and listened to addresses by Mr. Hough, Rev. H. E. Rompel, chaplain at the Great Lakes Naval Training Station, Mrs. N. G. Van Sant, of Sterling, who spent many years in former mission work, and Wayne B. Wheeler, general counsel of the Anti-Saloon League of America.

PART OF FINGER IS CUT OFF IN STARTER

Ted Lloyd of this city met with a very painful accident while working with an automobile at Polo early Saturday evening. He was adjusting a chain on the self starter when that part of the machinery started running. The fingers of his right hand were drawn into the metal chain and cog wheel, cutting the end off the first finger and badly cutting and bruising the other fingers.

He was able to extricate his hand and was taken to a physician where the injury was given the necessary attention. He suffered considerable pain and will be incapacitated for several days.

SEYSTER DRAWS OUT OF JUDICIAL RACE

J. C. Seyster, Oregon attorney, who was nominated by the Democratic Judicial convention at Freeport on Sept. 18 to be that party's candidate against R. E. Eaton, of Mt. Carroll, Republican nominee, for judge of the Fifteenth Judicial district to fill the unexpired term of the late Judge James S. Baume of Galena, has withdrawn from the contest.

Governor Refuses to Reprieve Fitzgerald

Gov. Lowden declared yesterday that he would not interfere with the plans made for the hanging of Thomas Fitzgerald, of Chicago, murderer of six-year-old Janet Wilkinson. He will grant no reprieve. Mrs. Martha Fitzgerald, wife of the condemned man, said she would again plead with the governor.

Attorney Grover Gehant was a professional visitor in Ashton today.

COUNTY REFUSES TO GO ON WITH BRIDGE REPAIR

City Council Will Decide on Mandamus This Evening

After an all-day session Monday the Road and Bridge committee of the Board of Supervisors failed to reach any definite conclusion as to lending county assistance in the repair of the Galena avenue bridge. This committee met yesterday morning with the state's attorney and the county superintendent of highways at which time they discussed lengthily the bridge proposition.

In the afternoon another session was called at which the mayor and Commissioner John J. Armstrong were present. A discussion of some length took up the time with no relief in sight for the proposed improvement of the bridge. The members of the county committee agree that the bridge is in need of repair but refuse flatly to pay for the approaches at each end of the structure, which will necessarily have to be of steel construction in order to carry the weight of the street and interurban cars.

The matter is now closed insofar as voluntary action by the county board committee is concerned. At this evening's meeting of the city council, action will very likely be taken with regard to starting mandamus proceedings against the county to compel them to stand their share of the improvement.

TEACHERS' INSTITUTE PROVING BEST EVER HELD IN LEE COUNTY

**Over 300 Registered at the
First Session—Male
Four This Eve.**

The largest and most successful teachers institute in the history of Lee county opened yesterday at the high school building with an enrollment of 277 teachers from this county alone. The sessions were attended by more than 300 persons, many of the teachers arriving late and not registering before the sessions opened. Many Dixon people, including high school students and parents of pupils attended the session yesterday afternoon.

Prof. Charles McKenney's address, "What the Nations Want," was very interesting. The speaker divided this subject into two lectures, delivering the first at yesterday afternoon's session and the second this morning. Every seat in the big assembly room was filled this morning and in many of them, two people were seated.

The program this year is the largest and best that has ever been provided. The lecturers are the best that can be secured and much interest is being shown in each session. Lectures were given this morning by Prof. Charles McKenney, of Ypsilanti, Mich., C. P. Colegrove, of Fayette, Iowa, F. G. Taylor, of Oregon, Elizabeth G. Howland, of Cicero, Ill., and Miss Ella B. Kenner of this city.

This evening the teachers and public will be entertained by the famous Imperial quartette. This number needs no introduction as it has been heard in all parts of the country and is one of the most popular quartettes now touring the states. Their program will be given at the Methodist church beginning promptly at 8 o'clock. No admission will be charged.

GATHER CLOTHING FOR FREEZING OF FOREIGN COUNTRY

As its part of the campaign of the Lutheran churches of America to provide clothing and bedding for the freezing women and children of Poland, St. Paul's Lutheran church of this city this week seek to gather at least 400 pounds of serviceable clothing, underwear and bedding. To this end the front door of the church will be open every day this week and the charitably inclined are asked to take their contributions to the church and leave them for shipment.

FARMER'S AUTO IS BURNED THIS MORN

Fire about 5:30 this morning destroyed the garage and a new Maxwell touring car on the farm of Dewitt Warner, north of Grand Detour. Neighbors, who hurried to the scene of the fire, prevented the flames from spreading to adjoining buildings. Just how the fire started is not known.

PERIL TO WORLD IN JAP GROWTH IS SEEN BY LODGE

**G. O. P. Leader Says
Japan is Building
Great Power**

By Associated Press Leased Wire
Washington, Oct. 14.—Japan is building a Far Eastern Empire which will become "a peril to America" and threaten the safety of the world, Senator Lodge, of Massachusetts, the republican leader, declared today in the senate in urging adoption of his amendments to the peace treaty under which German rights in Shantung would return to China instead of being awarded to Japan.

Steadily and relentlessly, Japan is getting control of China, Senator Lodge said, and he predicted that she would use China's vast man-power to endanger the safety of both America and Europe.

"It is impossible to see," said Senator Lodge, "how any conscientious American can consent to any act or treaty that will extend the power of such a nation as Japan over a country like China, especially when the United States deliberately drew China into the war with at least an implied if not an express promise to give assistance and protection at the peace conference."

Find No Date Given.
"The principal argument made by those who sustained the delivery of control of Shantung to Japan * * * is that Japan has promised at different times to return it to China. Whatever promises she has made * * * were not marked by one vital omission. In no instance do I find that Japan ever fixed a time when she would actually return the province to its rightful owners. To determine what Japan is likely to do it is necessary to consider what she has done for 25 years."

Japan was charged by Senator Lodge with breaking innumerable pledges regarding her course in China and Korea, with violating the "open door" policy, destroying foreign commerce in Manchuria and Korea. Her fundamental (Continued on Page 4.)

WRESTLERS WILL MEET IN BIG GO THURSDAY NIGHT

Wrestling fans of Dixon and vicinity are anticipating a great night Thursday when Floyd Dorer of this city, recently returned from army service, and one of the best men of his weight, 200 pounds, in the state, will tackle Kach Poloski, Polish champion heavyweight mat artist, in a finish match at Moose hall. The Pole, who has been cleaning up all comers, will arrive in Dixon today or tomorrow, while Dorer, who is in the best of condition, will merely devote himself to keeping in shape.

Two good preliminary events, one between Wilbur Bowers and Merrill Pine, have been arranged, and Young Scotty, the deaf mute wonder, will give an exhibition of his strength.

Soldier's Grave in Oakwood Desecrated

From the mother of a Dixon boy who gave his life in the service of his country in the recent war The Telegraph learns of actions the meanness of which the English language does not contain the words to describe. It is stated that the young soldier's grave in Oakwood cemetery has been stripped of all flowers, including some rare Japanese foliage which was secured because of its characteristic durability, and even the choicest blossoms in a flower bed near the grave have been taken. It appears that all the lack of civilization is not confined to the heathen of dark contents.

Several Townships Slow in Reporting

It was reported this morning that several Lee county townships have not made any returns to County Treasurer A. P. Arrington of the Salavation Army drive committee, and that because of the failure of those few towns to report the county's final statement to the state committee cannot be made. It is therefore requested that all township chairmen who have not done so report to Mr. Arrington before the end of this week.

French Member of League is Named

220,000 IDLE IN NEW YORK; FOOD SHORTAGE ACUTE

**Union Leader, However,
Hopes Cool Heads
Will Prevail**

By Associated Press Leased Wire
New York, N. Y., Oct. 14.—With at least 220,000 workers either on strike or idle as the result of strikes, according to union estimates, New York today viewed with increasing concern the prospect of a serious food shortage rendered imminent by the refusal last night of the long-shoremen to return to work and the continuance of the teamsters strike.

The only ray of hope was the announcement by President T. V. O'Connor of the International Longshoremen's Association that various locals would now take a referendum vote on the question of returning to work. O'Connor who was hoisted down when he attempted to speak at last night's turbulent meetings said:

Hopes For Cooler Action.
"I still have hopes that the serious thinking men in the organization will see that a mistake has been made in trying to repudiate their word given to the government and to the people and that they will abide by the decision of the national adjustment commission."

The waitout of the eleven thousand teamsters, chauffeurs and helpers has caused the American Railway Express Co., to place an embargo on all express packages entering and leaving the city. Virtually all of the fish, vegetables, and other perishable food are shipped here by express. The strike of the long-shoremen, harbor and ferry workers has caused food to rot on the docks and in ships. No coal has reached here for several days.

PURCELL HAD LOST HEAVILY ON BOARD

Chicago, Oct. 14.—E. H. Purcell, former Sterling song writer, who was mysteriously slain, lost heavily in cotton and corn deals, it was revealed yesterday.
From an authentic source it was learned that his losses in dealings through the brokerage firm of Pynchon & Co., in the Rookery, totaled \$17,980. At the time of his death he owed the firm \$149.34.

Losses on Tragedy Day.
His last loss was on Sept. 22, 1919, the day his body was found. It amounted to \$277.79. In October, 1918, he lost \$17,000 and in June, 1919, he lost \$960.

The records of the brokerage firm show that from Aug. 5, 1918, to the day of his death he had paid over to the firm in cash and Liberty bonds \$18,481.02, and that at one time he drew out \$650.

Check Other Accounts.
The police are checking the records of other brokers in an effort to find out other losses.

PLANES FLY OVER DIXON AS TRIBUTE TO FRANK DOWNING

Dixon people are indebted to Lieut. B. Frank Downing for the sight of the several airplanes which have passed over this city during the past few days in their great transcontinental race.

Lieut. Downing helped equip the machines at Mineola, and several of the racers promised him they would fly over his "home town" on their journey to the Pacific.

ASHTON MEN'S GOODS HAVE BEEN FOUND

The police have recovered the property which was taken from an automobile owned by Ashton young men Sunday night. The property consisted of a musette bag and traveling bag containing valuable articles of clothing and pictures taken in France. The articles were found hidden in the bushes in the city park on West Third street and were returned to their owners.

FIVE YEAR OLD BOY IS PNEUMONIA VICTIM

Robert William Otto, five-year-old son of Mr. and Mrs. William A. Otto, died at the family home in Palmyra township this morning at 3:30, death resulting from pneumonia. The little fellow was born in Palmyra and had lived there all his life. The funeral will be held from the late home tomorrow afternoon with services at 2 o'clock with burial in the Palmyra cemetery.

FIVE MORE PLANES PASSED OVER DIXON

Residents of Dixon and vicinity—if they were looking—saw five more of the transcontinental racing airplanes pass over Monday; four of the giant machines traveling west and one east-bound. All passed over Dixon between 12 o'clock noon and 3 o'clock and were traveling exceedingly swiftly.

Omaha, Neb., Oct. 14.—The Martin bombing plane, entry No. 108, piloted by Capt. Roy N. Francis was completely wrecked and the pilot and his three passengers severely shaken up when the plane crashed to the ground in an alfalfa field a mile south of Yutan, 50 miles west of Omaha this morning.

BULLETIN.

By Associated Press Leased Wire
Rock Island, Ill., Oct. 14.—Lieut. Charles Osborne, piloting airplane No. 12 in the transcontinental air derby, was forced down at Lyndon, Ill., at noon today after getting out of his course on his way here from Chicago, according to a message received from the flier by Lieut. Hansberger, officer in charge of the Rock Island control station, this afternoon.

Lieut. Osborne stated that he had run low on gas and oil while off his course and had been forced to seek a landing. He asked that supplies be sent him from here, but because of the delay this would necessitate it was decided he should get sufficient gas and oil at Lyndon to carry him here. He is expected to reach Rock Island by mid-afternoon.

By Associated Press Leased Wire

Chicago, Oct. 14.—Six contestants in the transcontinental race are today nearing both coasts to swell the total of fliers who have once crossed the continent and face the return trip.

There are already twelve men waiting at Mineola and San Francisco, to start the return trip.

At 1:12 this afternoon Lieut. W. R. Maynard will "hop off" on the return journey. He is waiting only until the 48 hours minimum wait made necessary by the rules shall have elapsed.

Only two eastbound fliers remain to check in at Mineola and these probably will reach there today. Four men are within 518 or less miles of San Francisco. The other 22 west bound fliers cannot reach the Golden Gate today.

ENTERS FINAL PHASE.

Mineola, N. Y., Oct. 14.—With 12 out of 62 original starters safely across the continent and preparing to start the return flight the first half of the army air service transcontinental race between Mineola and San Francisco entered on its final phase today.

By sundown it was expected that the majority of the entering contestants would have checked in at the two seaboard control stations. Only two of the fifteen original San Francisco starters still in the race remain to check in at Mineola. Five already have arrived and the other eight have been forced out along the routes by accidents. The two remaining fliers are Major J. C. Bartlett who spent last night at the Rochester, N. Y. control and Lieut. P. J. Richter who stopped over at Cleveland.

Of the score or more of westbound fliers still in the race nearly all had reached or passed Chicago and the majority were within a day's flight of San Francisco.

With Lieut. B. W. Maynard the "Flying Parson" preparing to start the flight back from San Francisco at 1:12 this afternoon, contestants who finished the first lap at Mineola displayed little enthusiasm for the return flight. All were severely fatigued by the trip east which was made under trying weather conditions and several expressed the belief that no practical purpose would be served by continuing the races. All stated that they have contemplated starting back if it is proved possible to get their planes repaired within the 96 hours time limit set by the air service.

SPLIT REWARD FOR RECOVERING A CAR

The recovery of the stolen Ford belonging to the Eyre Candy Co., of Sterling, netted two city employees a neat purse. Yesterday when the car was returned to its rightful owners, Chief Van Bibber received a reward of \$25. Fireman Arthur Penny, who furnished the information to the police, which resulted in the recovery of the car received one-half of the reward, Chief Van Bibber receiving a like amount. This is one of a number of rewards received by the police this summer for the activity in recovering stolen automobiles.

DRIVE WORKERS TO TOUR LEE COUNTY

Fifteen automobiles, laden with public-spirited, high-hearted men, will leave Dixon tomorrow and Thursday to tour Lee county in the interest of the Jewish Relief Drive, which will be conducted Oct. 26 to Nov. 1. Literature will be distributed and various township workers will be visited in an effort to enthrust them to the wonderful good that the successful accomplishment of the drive will bring.

PRESIDENT HAD RESTLESS NIGHT BUT IS BETTER

Prostate Gland Swollen Gland Which Caused Him Pain

By Associated Press Leased Wire
Washington, Oct. 14.—President Wilson's condition was generally good today, although he did not have a restful night, according to the bulletin issued by his physician this morning.

The bulletin issued at 12:15 p. m. follows:
"The President did not have a restful night last night. His restlessness was caused by a swelling of the prostate gland, a condition from which he has suffered in the past and which has been intensified more or less by his lying in bed. His general condition, however, is good. As noted yesterday his temperature, pulse, respiration, heart action, and blood pressure are normal."

"Grayson," "Ruffin," "Stitt."

Rear Admiral Grayson said the swelling of the prostate gland was quite common and no importance should be attached to it. It is expected, that Dr. Grayson will, however, call in a specialist in order that the President may be made more comfortable.

GARY STEEL MILLS

REACH 50 PER CENT PRODUCTION TODAY

Conditions Better Than at Any Time Co. Officials Stated

By Associated Press Leased Wire
Chicago, Oct. 14.—Fifty per cent production had been reached today at the United States Steel corporation's plant at Gary, Ind., it was announced officially, and reports from throughout the Chicago district were that the general industrial situation was better than at any time since the steel strike, now entering its fourth week, was called.

Company officials asserted 90 percent of the employees had returned to work at the Inland and Wisconsin Steel companies at South Chicago. Waukegan mills reported more men at work.

John H. DeYoung, chairman of the Chicago committee for the steel workers, denied claims of factory hands of great numbers of men returning to work.

No violence during the past 24 hours was reported in the steel district. Four hundred pickets gathered about South Chicago factories when it was reported large numbers of men were returning to work but a number of special officers were on hand to preserve order.

Military control at Gary, Ind., accompanied by the investigation of radical activities in that area was probably of a startling development when it was authoritatively stated that a raid had resulted in the arrest of the alleged maker of the bomb exploded in the doorway of the home at Washington of Attorney General A. Mitchell Palmer, June 3, last, and of the thirty-six bombs mailed at New York in wrapping paper from the Gimbel Brothers department store. It also was stated that evidence was obtained revealing the radical plans for spreading bombs throughout the country last May Day and June 2.

Military Doctors See No Indications That "Flu" is Threatening

By Associated Press Leased Wire
St. Louis, Mo., Oct. 14.—There is no indication of an epidemic of influenza this winter according to speakers at the convention of the Association of Military Surgeons of the United States in session here today.

Col. Victor C. Vaughn in an address declared the dirtier the atmosphere and the more bacteria one breathed, the immune he would be to the disease. This was proved, he said by statistics compiled during the war, which showed that the greatest death rate from disease was among men from rural districts.

"The city reared man," he asserted, "is accustomed to breathing filthy air, while the country bred man is not, and consequently a foul atmosphere will effect the latter sooner than the former."

ALLEGED MAKERS OF BOMBS UNDER ARREST AT GARY

**Great Haul Made by
Federal Authorities
in Strike Center**

By Associated Press Leased Wire
Chicago, Oct. 14.—Federal authorities at Gary, Ind., where military control was established by Maj. Gen. Leonard Wood after the situation growing out of the strike of steel workers became too threatening for state authorities to handle, have arrested the alleged maker of the bomb exploded on the night of June 3, last, in the doorway of the home of A. Mitchell Palmer, United States attorney general, at Washington and have obtained evidence clearing up the terrorist bomb plots of May Day and June 2, according to authoritative information here today.

Evidence also has been obtained it was said that revealed the entire terrorist organization responsible for the attempts against the lives of law enforcement officials throughout the country, who had been active in the arrests and prosecution of radicals.

Manufactured Bombs.
The men held in connection with the Palmer bomb is believed, it is said to have been the manufacturer of the thirty-six bombs sent through the mails in boxes wrapped in paper from the Gimbel Brothers store in New York and timed to reach their intended victims on May 1.

The peculiar style of manufacture, with the ingenious contrivance of the explosive has linked them unmistakably with a basement radical faction raided at Gary by the federal troops it is said.

Since the 1,600 soldiers of the Fourth and Sixth Divisions took control of Gary, investigation have been shrouded in secrecy. There have been many arrests made and a strong stockade was built to keep the prisoners in.

How many men besides the alleged bomb-maker are held in connection with the nation-wide plots has not been revealed by the federal authorities, civil or military.

Seeking Bomb Carrier.
A radical leader named Ivanoff, now known, it is said, as the agent who carried the Gimbel bombs from Gary to New York for transmission through the mails is being sought. He was last seen in Chicago several weeks ago when he spoke at the I. W. W. convention here.

He is supposed to have gone east. The gun-cotton and other high explosives in the bombs was obtained from the Aetna Powder works, four miles east of Gary, it is said.

It also is stated that the efforts of a radical to obtain a further supply of the explosive led to the raiding of the collar bomb factory after federal operatives had traced him there.

Was a Steel Worker.
While the federal authorities would not announce the name of the man held as the suspected bomb maker, it was stated authoritatively that he was steadily employed in the steel mills at Gary until he went on strike Sept. 22, and that he was one of the most violent radical agitators during the early part of the strike.

Only a few pieces of the bomb exploded at the Mitchell home were recovered and they were so small that they were regarded as almost valueless as evidence. They were compared with the parts of bombs found in the Gary basement raid, however, it is said.

Hand Bill is Found.
Revelation of the arrest of the alleged bomb maker and the uncovering of the details of the terrorist plots followed the finding on a striker at Gary yesterday of four copies of a hand bill purporting to be a proclamation of the communist party of America advocating overthrow of the military forces at Gary.

Col. W. S. Mapes, commandant of the troops in the steel zone, caused an investigation of all printing shops in the district to find where the bill was printed, but, it is said, the search produced no information. Col. Mapes said he did not believe the strike committee authorized distribution of the bills.

Hop to Get Others.
Military authorities at Gary, the home of the big steel mills, announced today that they hoped to have the maker of the Gimbel and other bombs which have started the country in the past year, under arrest within a few hours.

Secret service men said they knew the name, habits and manufacturing methods of the individual who they claimed has made most of these bombs. They announced also that they had uncovered a plot to assassinate the Mayor of Gary, discovered great stores of dynamite near Gary, and traced the printing of red circulars to Indianapolis. They said they had arrested the man who blew up an entrance of the Chicago post-office a year ago.

Plans Thwarted.
Premature announcement of some features of the Gary red story, military authorities there said, had partly thwarted their plans for clearing out what they had reason to believe was one of the central committees of dynamiters in this country. This story said that Alexander Ivanoff had been arrested as the (Continued on page 4.)

SANDRA THE JEALOUS

By JANE PHELPS.

EVERETT ASKS FOR HIS WIFE'S TRUST.

CHAPTER XVIII.

After I made my confession, I grew still and cold with fright. Everett looked so stern, so unapproachable, so unsympathetic that I trembled all over while I waited his reply to my last outburst.

I knew I had said more than I should, more than I meant to. But once started, I seemed unable to control the rush of words. And Everett had been so nice all the time I was sick, that if I hadn't been still nervous—not perhaps so much because of my illness, as because of the reason for it—I should not have given way so.

"You seem to have thought of everything," he finally said, his tone cold and impersonal. "Even to a family."

"But you see I—"

"Never mind trying to explain. I think I understand—perhaps better than you give me credit for." I knew by his tone I had somehow hurt him, how cruelly I could not realize. "But if you will try to have a little more faith and trust in the man you have married, you will save both of us great unhappiness and—sorrow."

"You see, Dear," he went on after a moment, "we must consider others—the effect our actions may have upon them. You think I have been severe, unecessarily so. Perhaps I have. But Sandra I had, a long time with your Mother when she was here. She did not like me to marry you, you know. She is contented that you belong to me now. She is pleased with what you have done to make yourself a really fine woman, Sandra. Don't spoil it, Dear, by showing me that after all you have gained nothing in either poise or the ability to tell what is right and what is wrong."

"But I—"

"Nothing can excuse your reading letters not intended for your eyes—nothing. There are other things you have done of which I will talk to you later. But to read another's letters! That is inexcusable in a child, let alone

in a married woman."

I felt very small, very mean, and very much ashamed, but yet it did not at all eliminate my feeling that I had been abused. It is marvellous how giving way to one's thoughts crystallizes them—how self pity swallows up all other feeling, and gives us a distorted viewpoint. Being sorry for one's self really works more havoc with women's nerves than we realize. I know it did with mine, and made me also give insignificant matters undue weight.

"I—thought I—had—the right to read them," I stammered, flinging at the look my husband gave me. "They were opened, I didn't!"

"That will do, Sandra. Your excuses are both foolish and childish. Aside from that, they are not honest. You will please put my keys on my chiffonier. Also any letters you have that do not belong to you."

I was almost glad I had been burned. If Everett had found out about the letters and nothing had happened to me, I know he would have been far more severe with me. My narrow escape from a horrible death had made him lenient, I knew; yet I felt he despised—perhaps not me—but my actions, and it made me very comfortable whenever I caught him looking at me.

His avoidance of the subject for an entire week, his tender care of me, had bred a hope that he would say nothing unpleasant to me. But I should

TOBACCO HABIT DANGEROUS

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read the large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.

"Please forgive me, Everett." And tears rushed to my eyes. "You have been so good to me while I have been sick, and have let me invite Rose, and oh, I am sorry I have displeased you." Everett made no reply, simply gave my hand, which I had laid upon his arm, a swift little pressure. But so quickly did he remove his hand, I scarcely realized he had touched me. But emboldened, I kissed him lightly. Then with one of those quick changes which always surprised and puzzled me he crushed me just a moment in his arms, returning my kiss.

"Now run up and lie down. You mustn't overdo you know."

THREE DROWN IN CANOE ACCIDENT

By Associated Press Leased Wire

Elgin, Ill., Oct. 13.—Marjorie Landis, 18; Hazel Landis, 15; sisters and Edwin Howard, 17, all of Elgin, were

drowned in the Fox river just north of here yesterday afternoon when their canoe was upset by a high wind and rough water.

Edmund Grote, a high school student, who also occupied the canoe, barely escaped after making a desperate effort to rescue the girls.

LAWRENCE, MASS.—Johnny Dun-dee was awarded a referee's decision in a 12-round bout with Young Kloby.

DETROIT.—The majority of newspapers gave Frank Britt a shade over Ralph Brady in a ten-round bout.

W. R. C. NOTES—

The Woman's Relief Corps held a very interesting meeting on Monday afternoon, Oct. 13, with the attendance large.

Chairmen of the different committees gave some excellent reports. Mrs. Maud Hobbs reported having realized over Twenty Dollars through the recent baking sale and contributions.

Mrs. Albertine McKenney, who has recently returned from Long Beach, Calif., gave an interesting account of a visit to a Woman's Relief Corps meeting at that place where the membership is over 500. She also told of several unique methods of raising money.

Mrs. Myrtle Dollmeyer was heartily welcomed after being absent for several meetings on account of illness.

In memory of Alice Hitt, of Indiana, Past Department President, No. 14, whose death occurred recently, the charter was draped.

A district convention will be held in Rock Falls on October 22, which the Dixon members will attend.

One application for membership was received during the afternoon.

October 27th is the date of the next regular meeting.

LANDIS' DAUGHTER WEDS—

Miss Susanne Landis, daughter of Judge and Mrs. Kencsaw Modtman Landis, became the bride of Richard W. Phillips, son of Mrs. R. W. Phillips, Saturday evening. The Rev. Frank Gunsaulus read the service at 8:29 o'clock in the parlors of the Cooper-Carlton hotel, where the parents of the bride reside. Following the ceremony there was a large reception.

The bride, who is an unusually pretty and vivacious brunette, wore a gown of white panne velvet made with a court train. Her matron of honor, Mrs. John A. Stevenson, was gowned in baby blue tulle embroidered in pearls, and the bridesmaids, the Misses Katherine Whitney, Katherine Poague, and Frances Dean of Chicago and Louise Talm of Grand Rapids, wore frocks of baby blue velvet.

Henry Phillips served as best man for his brother and the ushers were Reed G. Landis, Edward Tiel, Donald Davidson, and Kenneth MacLellan. Two small nieces of the bridegroom, Laura and Jeannette Schreiner, were flower girls.

Following a honeymoon Mr. and Mrs. Phillips will be at home at 5449 Cornell avenue, Chicago.

AT WAMSLEY ARSENAL—

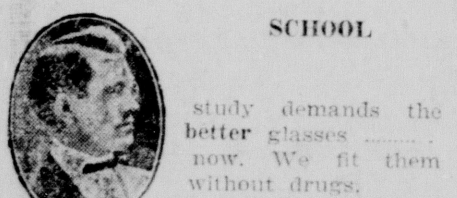

Visitors on Sunday at the Wamsley Bros. Arsenal, Polo, included Mr. and Mrs. J. W. Crawford, Miss Seville Crawford, Mr. and Mrs. A. Borst, Geo. L. Miller, Mary Miller, Mr. and Mrs. Hugh Bennett, Mrs. Edward Fisher and

Women Everywhere Are Giving an Enthusiastic Welcome to These New Metal Bed Designs

NO woman who sees these beautiful beds will wonder at the way they are being received.

Every day goes further to confirm the initiative of the maker in producing metal bed designs based on the sound principals of line, form and composition—such as the "Colonial," illustrated above.

It was Simmons Company that first thought of sleep in relation to metal beds.

That led to the Simmons Patented Pressed Steel Corner Lock—the lock that holds the bed together firm, like one piece of metal—the lock that prevents squeaks and rattles and makes the bed noiseless in every relaxation and deep repose.

They have consistently advocated the Twin Bed principal.

They have invented Springs, too, that yield evenly to the contours of the body—always resilient and elastic.

Now this latest achievement—good design in metal beds—involved also the invention of a truly seamless tubing.

When you see these new Simmons Beds, notice especially their construction—their exquisite finish, freedom from seam and roughness and how beautiful they take the enamel.

Every woman is interested in new creations of this character. We believe every customer of this store will welcome the opportunity of inspecting these superbly designed beds.

PERIL TO WORLD
IN JAP GROWTH

(Continued from page one)

policy, he said, had been "steadily re-
lentless aiming to get ultimate control
of the vast population and great terri-
tory of China."

"War Was An Industry."

"As it has been in the past, so it will
be in the future in regard to Shan-
tung," he continued. "Japan is steeped
in German ideas and regards war as an
industry. She means to exploit China
and build herself up until she becomes
a power formidable to all the world.
She will use ultimately the practically
unlimited man power of China for mili-
tary purposes just as Germany and
Austria used in their armies the man
power of the 25,000,000 Slavs, who were
utterly opposed to German domination
to promote their schemes of conquest.
Japan will be enabled to construct in
that way a power which will threaten
the safety of the world. She is already
advancing in Siberia and with her con-
tact there and China developed as she
means to develop it she will threaten
Europe."

"But the country that she would
menace most would be our own, and
unless we carefully maintain a very
superior navy in the Pacific the day will
come when the United States will take
the place of France in another great
war to preserve civilization."

"It is a Great Wrong."

"But there is one other reason even
more decisive to my mind than this.
It is a great wrong, this giving of
Shantung over to the control of Japan.
Morally it is indefensible, and it is no
answer to say that we failed to object
to the German seizure of Shantung.
As a matter of fact the open door policy
of Mr. Hay was the reply to the Ger-
man movement and for the time arrest-
ed it."

Emphasizing that the principal argu-
ment in defense of the Shantung award
was that China would lose nothing as
Japan merely secured rights formerly
held by Germany, Senator Lodge said:

"People shut their eyes to the moral
issue and the methods employed by
Japan to get this claim and not real-
ize economic and political significance."

"In an effort to obtain control of
China, Japan has almost forced loans
on her," Mr. Lodge declared.

"It is the deliberate opinion of both
foreign and other observers," he said,
"that threats and bribery were delib-
erately used. The purpose clearly was to
tie in Japanese hands the best of the
resources of China at a time when
other nations were so occupied that
they could not interfere. Unless some
change is made in these records, China
will be seen to be largely mortgaged to
the Japanese in such a way and to
that the already acquired rights of
other nations will be seriously infringed."

In conclusion, the republican leader
urged adoption of the amendments
transferring to China the rights in
Shantung given to Japan by the treaty.
Award of these rights to Japan, he
said, was "a wrong to man and to the
cause of freedom and justice."

CLEAR UP MYSTERY
OF MAY DAY BOMBS

(Continued from page one)

principal bomb maker, Col. Mapes,
commander of the federal troops at
Gary, announced this forenoon that Iv-
anoff had not been arrested but that
authorities were looking for him. Army
intelligence departure officials said that
Ivanoff was the Glimbel bomb maker.

Scan Subscription List.

Near the scene of the explosion of
one bomb some months ago, these au-
thorities said, was found a scrap of a
newspaper printed in Chicago. The pa-
per's entire subscription lists were ob-
tained and the subscribers names stud-
ied. Among these names was that of
Ivanoff, who it was noted, was not
only a subscriber, but a contributor of
radical articles.

Ivanoff lived in Gary. Intelligence
officers said, it was discovered that he
had moved three times in one month.
Ivanoff finally moved to Miller, a Gary
suburb. There a secret service man
took a house from whence he might
observe the Ivanoff domicile. This fed-
eral agent, intelligence department men
announced today, disappeared about
two weeks ago. The causes of his dis-
appearance and what became of him
are unknown to them, his brother offi-
cials. They are conducting a widespread
search for him.

Carried In Suit Cases.

While Ivanoff was under observation,
the intelligence men said, it was dis-
covered that he was a manufacturer
of bombs. Among these bombs, the
officers said, were the 36 which became
known throughout the country as the
Glimbel bombs, because they were sent
in wrappings purporting to come from
Glimbel Brothers store in New York.
The Gary officials said they had dis-
covered that these 36 bombs were carried
to New York from Gary in suit cases.

Ivanoff, the alleged-bombmaker, they
said, was an expert electrician employ-
ed in a large mill near Gary. His plans,
the officers asserted, included finally
the destruction of the factory where he
worked.

Get Much Dynamite.

The cache of the dynamite and its
amount was not made public today, but
an official who described it said that he
presumed there was enough to "blow
about all northern Indiana off the
map."

Officers at Gary asserted that they
had taken into custody the man who
dynamited the Chicago postoffice last

year. This explosion cost four lives.

The officers here said that this dynam-
iter had been released, in order to
help in the search for Ivanoff, but that
he was so closely watched that he could
not escape.

Two letters threatening the life of
Mayor W. F. Hodges of Gary were
seized by military authorities. One of
these disclosed a plot to blow up his
residence.

Capt. W. S. B. Greenough of the In-
diana state guards said that he is
searching East Chicago for reds alleged
to be intimate with the Gary sus-
pects.

The inflammatory circulars found
here yesterday, it was announced, had
been devised in Gary, the copy sent to
Indianapolis for printing, the circulars
sent to Chicago and then brought to
Gary for distribution.

SAYS PRESIDENT FAILED TO MAKE ERRORS CORRECT

Nebraska Senator De- clares Wilson Re- peated Statements

By Associated Press Leased Wire
Washington, Oct. 13.—The accuracy of statements regarding Shantung made by President Wilson during his western tour was questioned in the senate today by Senators, Borah, Idaho and Norris, Nebraska, republicans.

Referring again to a statement by the President in his address at St. Louis that Japan was offered all of Germany's property rights in the Pacific to enter the war, and which he later corrected, Senator Norris said he was "dumfounded" on reading an official copy of the President's speeches to find that the same statement had been repeated.

Senator Norris told the senate Friday that after reading the St. Louis speech he telegraphed the President regarding it and that the President had wired and thanked him for calling attention to the "error."

"I had assumed that although the President had not made a public correction of the error, he would not repeat it," said Senator Norris, today. "But just a few moments ago I was given an official copy of his speeches and was dumfounded to see that in four other instances, after sending his telegram to me, he repeated what he said at St. Louis as to the reasons why Japan went into the war."

"It is not with any comfort that I call the attention of the senate to these facts. I had assumed that after the President had telegraphed me of his error, he would not make it again. It is hardly conceivable that he could have made the mistake at St. Louis. Yet, after acknowledging to me that he was wrong he went on repeating it over and over again. The truth will never overtake the lie."

Referring to Mr. Wilson's statement at Los Angeles that President McKinley and John Hay, secretary of state had declined to protest against Germany's original acquisition of rights in Shantung, Senator Borah said the Shantung lease had been consummated early in 1898, six months before Mr. Hay became head of the state department. Mr. Hay, the Idaho senator said, had pursued a policy designed to curtail the effort of various nations to obtain rights in China.

OBITUARY.

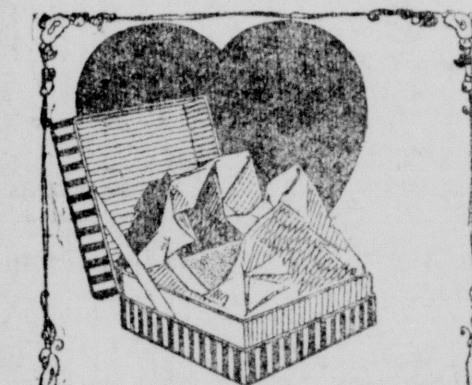

ANNA MARIA LEVAN.

From the Manning, Iowa, Monitor of Oct. 9.

Anna Maria Levan was the eldest of a large family of children born to Matthias and Anna M. Levan. She was born on the 11th day of October, 1830 and passed away in Manning, Iowa, October, 2nd, 1919.

From her birthplace in Traves, in the District of Trier, Prussia, she came with her parents at the age of six years to America, settling in Johnstown, Penn., where they lived for eleven years, removing to a farm near Dixon, Ill., where she lived until 1880, coming then to this vicinity where she continued to live during the remainder of her life. Near Dixon she spent the years of her young womanhood, practicing inherited habits of thrift and industry and frugality which gave her a competence in later years.

During the Civil War her efforts

LETTER TO DIXON DRUGGISTS

GET READY FOR THE BIG MUSTARINE DEMAND

The Quickest Pain Killer on Earth and the Original and Best Improvement for the Old-Fashioned Mustard Plaster is Going to be Consistently Advertised

in the Newspapers in this City and State—Sale is Guaranteed To

Druggists and Consumers. Order from Your Jobber Now.

BEGY'S MUSTARDINE IN THE YELLOW BOX

Just as soon as our regular advertising starts people will demand BEGY'S MUSTARDINE.

If they cannot get it from you, Mr. Live Druggist, they will get it from some of your competitors.

We have opened new territory before and we know just what we are talking about.

BEGY'S MUSTARDINE is so much better than Liniments, Ointments or any other preparation used for the same purpose, that nothing can stop the people from getting the best.

We have a reputation throughout the country of square-dealing with the people, Mr. Druggist, and on that basis and the wonderful merits of MUSTARDINE we ask your generous co-operation.

We don't want you to order a big supply but we do urge you to have enough on hand to meet the demand that comes quickly and surely.

"Heat cases pain" and there is more concentrated non-blistering heat in a box of BEGY'S MUSTARDINE than is put into any other box the same size.

It is the best and quickest remedy in the world for lameness, swellings, sore muscle, stiff neck, lumbago, cramps in the leg, sprains and strains.

People who use MUSTARDINE say it stops aches and pains in half the time

it takes similar remedies! that's why people use it in preference to the slow acting ones.

Take sore throat for instance, and pleurisy and chest colds; in one night while you sleep, MUSTARDINE ends all the misery and subdues the inflammation.

Rheumatism sufferers swear by it, for in just a few minutes it eases the agonizing pains and blessed relief follows.

It's the same way with Gout, and for Neuralgia, Neuritis, Sciatica—the relief is simply marvelous.

Your jobber has BEGY'S MUSTARDINE and we urge you to order a supply to-day, for just as soon as the people discover that Begy's Mustardine, made of real true, honest mustard and other pain-destroying ingredients, has such quick and mighty power over inflammation, congestions, swellings, aches and pains, they will insist on having it and won't accept anything instead.

A generous box retails for 30 cents—a large box for 60.

You take no chances when you order Begy's Mustardine for the sale is guaranteed by the manufacturers, S. C. Wells & Co. of LeRoy, New York, who also make Celery King, Dr. Carter's K. & B. Tea, Shiloh and other worthy remedies.

in favor of the league of nations has opened under the presidency of Sir Horace B. Marshall, Lord Mayor of London.

BERLIN.—Gen. von Der Goltz finally has transferred his command in the Baltic region to Gen. von Eberhardt, according to a semi-official statement.

COPENHAGEN.—The Letts have recrossed the Duna River and occupied the suburbs of Riga on the left bank of the river according to a telegram to the Lettish press bureau.

NEWARK, N. J.—Pete Herman had little trouble in outpointing Harold Farese in eight rounds. Willie Jackson defeated Tommy Tuohy, Benny Walgor won from Frank Brown, and Charley Weinert outfought Al Roberts.

PARIS.—The Journal Official announced Tuesday that the signing by President Poincare of the document ratifying the peace treaty thereby ending the state of war.

Dying Man Confesses HE Murdered His Wife

By Associated Press Leased Wire
Mandan, N. D., Oct. 13. — Stricken with paralysis, Albert Brooks, aged 72, called the state's attorney to his bedside today and confessed he had killed his wife in Columbia, Ohio, 25 years ago.

According to the story told the state's attorney, Brooks struck his wife across the breast with an iron bar during a quarrel. He fled to San Francisco and has been traveling over the country since, coming to Mandan about eight months ago. Doctors hold out no hope for his recovery.

AMUSEMENTS

A HONOLULU HONEYMOON.

"The brainstem shuffle" is one of the original dances performed by Mr. Ned Melroy, the principal comedian with "A Honolulu Honeymoon" super musical comedy, showing at the opera house Friday night.

Mr. Melroy is noted as one of the greatest eccentric dancers on the American stage.

He is also the originator of the "Fan Tail Glide" which many dancers have tried to imitate but without success.

By a strange trick of nature Mr. Melroy was born with the toes of his left foot webbed and it is owing to this peculiar fact that he alone can master the intricate steps of this wonderful dance conception.

"A Honolulu Honeymoon" promises to be replete in surprises both in its scenic beauty and in its musical numbers.

A beauty chorus of bewitching girls and a troupe of genuine native Hawaiian musicians headed by Henry Ahiena.

Miss Lei Momi is the big feature of this Hawaiian troupe, she being a Hula dancer extraordinary whose surprising Hawaiian dances have made her celebrated in her own country and in this. The big final scene showing the eruption of the volcano Kilauea is said to be a master piece of stage craft.

The costumes were designed by Mile. Renaud who also designed all the wardrobe worn in the great ballet during the Columbus Day Celebration in New York City.

300,000 Maxwells to Date; 100,000 More This Year

THIS shows the rapidly growing appreciation of the Maxwell.

60% of those seeking a Maxwell will be able to have one.

100,000—one-third as many as are in existence today—are being built this year.

That means one every 1½ minutes of the working day.

These new post war features, which have classified it as the Post-War Maxwell, are well spoken of everywhere. That's but one reason why the drift is towards Maxwell.

Compare it point for point with any car under \$1200 and you will more readily understand.

A desire for a car that has proved its worth in many latitudes and many longitudes.

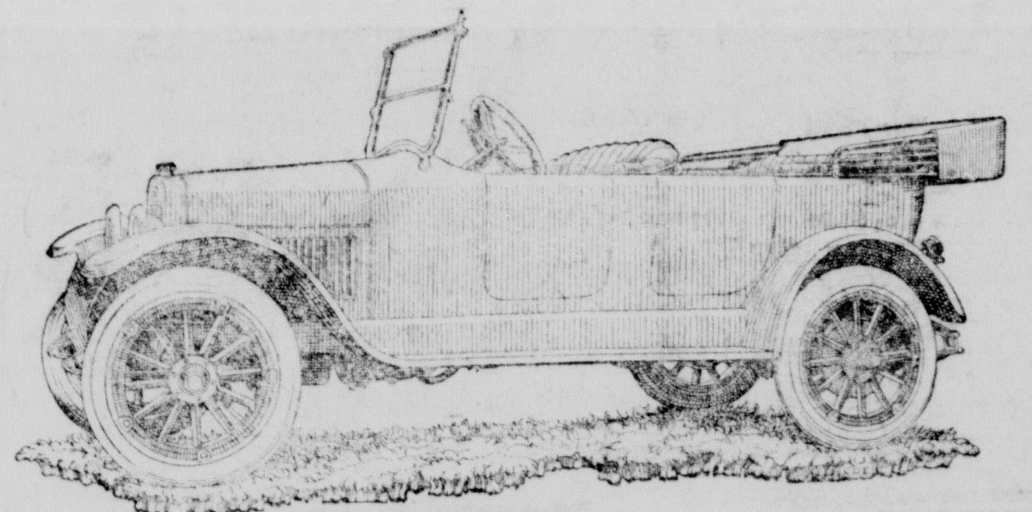

A liking for the long run the tires give, for the definite and extended mileage from gas and oil.

A fondness for a car that expresses reliability in a most decisive way.

This year, more than any before, the 300,000 idea behind the Maxwell has increased in public favor.

The winner of the latter match is then to play Dr. Sicksels and this match is to determine the ultimate winner of the tournament and Brinton cup.

Sergt. Esby Home—Sergt. Harold Esby has returned to Dixon after over a year's service overseas.

POTATOES

Seven cars now on track. Quite a lot of potatoes, but it takes a lot for our trade because of the low price, and good quality we sell. We have fine stock \$1.65 at store, where our sales force is. There are a lot of people who do not understand, but we can sell much cheaper at store than off the car.

Note.—When we advertise a car on track we advertise a car of our own, not a car of some jobber or wholesaler—like some of the merchants here do.

MORALE: Fish where there is fish. Now is the time to buy your winter Potatoes. No chance of frozen stock now.

QUESTIONS WILL GO ON BALLOTS COMING ELECTION

Springfield, Ill., Oct. 14.—A. C. Millspaugh, chief clerk in the office of Secretary of State Louis L. Emmerson, directed this morning that "Public policy" questions, against which a court fight has been waged, be certified to county clerks without delay following the dissolving last night of an injunction intended to prevent a vote on the questions at the election Nov. 4.

"We can not anticipate what action attorneys for the enemies of the questions will take," said Millspaugh, "but we intend to mail out the certifications this afternoon or tonight."

The questions would go on the ballot at the November election, when constitutional convention delegates are to be elected, to get a vote by the people on the principle of the initiative and referendum, the "Gateway amendment" simplifying the process of amending the state constitution, and the public ownership of public utilities.

Judge E. S. Smith, dissolved the stay order issued by Master-in-Chancery Briggie to prevent the secretary of state from certifying the questions to county clerks.

Sheriff Frank Schoenholz has received an invitation to be present at the Fitzgerald hanging in Chicago Friday morning. The Lee county sheriff together with Sheriff George Panning of Ogle county and Harry Baldwin, of Winnebago county will be present at the execution.

Close Cottage—Thomas H. Eustace and daughter, Miss Annie, have closed their Assembly Park cottage and will have the Mrs. Dorothy N. Law apartment in North Dixon this winter.

Leave Assembly Park—Mr. and Mrs. John Wishart and family leave the Assembly Park today. They have taken a house on South Peoria avenue for the winter.

Ensign Drew Home—Ensign Drew has been detached from service on the Von Steuben troop transport, upon which he made eight trips across the Atlantic, and has been assigned to the U. S. Bell, destroyer. He will report at Boston upon the end of his five-day furlough here.

Home From Hospital—Miss Helen McKenney has recovered sufficiently from her operation to be taken to her home. Miss McKenney underwent an operation for the removal of the appendix several weeks ago at the Dixon hospital.

No Finals Yesterday—The finals for the Brinton cup, for the men's golf tournament to have been played on Oct. 13th, have been postponed by one thing or another, weather and the like, until
